Not For Europe.
Divorce for Loneliness.
Keats' Shakespeare.
Chicago Will Lead.

By ARTHUR BRISBANE
(The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review.)

EUROPE expects to offer billions in German bonds to this country, proceeds for the allies.

From that danger, our home-made usury may save us. Americans are paying 7 1/2 to 9 per cent interest on money now.

Europe would never consent to any such blood-sucker rate. They got rid of usury with the war's end. We have taken to it since then.

THE Association for the Improvement of Divorce Laws suggests that divorce be granted to the lonely. That new divorce cause, intended to help women, is said to be based on moral considerations.

LONELINESS is a curse and drives victims "to seek companionship and relationship that leads to disgrace." So says the association, and it would give the lonely wife or husband freedom.

Loneliness unfortunately, is not ended so easily. There is loneliness in crowds.

Russia has a simple plan, giving divorce when the person asking for it says, "I am discontented."

Such a law might diminish divorces. What men know they can have they sometimes do not want.

A SEVEN volume edition of Shakespeare is found, with many annotations on the margins by John Keats.

But the volumes showing how much Keats owed to the inspiration of Shakespeare were discovered by Prof. Caroline Spurgeon, of London university, thanks to a casual remark, overheard in Henry Fairfield Osborn's drawing room.

If Prof. Spurgeon could find the annotated volume of Chapman's Homer that Keats read through in a night, before writing his poem about the "Peak in Darien," the world would be thankful.

IN NOVEMBER, Chicago will vote to spend or not to spend \$12,000,000 for a flying field, or an artificially (Continued on page 8, column 2)

Marking another step in the completion of arrangements for the presidential, state, district and county election on Tuesday, Nov. 6, the Columbiana county board of deputy state supervisors of elections last night awarded the contract for printing the ballots to the Joseph Betz Printing company of East Liverpool. The bid, the lowest of four submitted, was \$1,065.

The Betz company, offering the only proposal, was also given the contract for printing the registration lists following quadrennial enrollment on October 4, 11, 19 and 20. The bid for this work was \$485.

Other bidders for the ballot contract were the Simms and Keystones Printing companies of East Liverpool and J. J. Bennett of East Liverpool.

No protests having been filed, the supervisors also approved the division and re-arrangements of Precincts B and C and the creation of Precinct G in the Second ward of East Liverpool. This division was prompted by the fact that more than 1,300 voters were registered in B and C.

Vacancies on registration boards will be filled this week.

Acting upon recommendations of precinct committeemen, the board will name judges and clerks during the next two weeks.

DOZEN STATES ASK HOOVER TO SPEAK ON WAY HOME TO VOTE

G. O. P. Nominee Will Deliver Prepared Speeches.

ENTRAINS OCT. 26

Candidate Will Close His Campaign in San Francisco.

BY WILLIAM K. HUTCHINSON.
WASHINGTON, Sept. 25.—Responding to a deluge of requests from party leaders all over the country, Herbert Hoover will deliver a number of prepared speeches during the last ten days of the campaign, while on his way home to vote, it was learned today.

The Republican nominee will leave Washington about October 26, enroute to Stanford university, Calif., to set an example for the rest of America by voting in his own campaign. His advisers have just begun consideration of his itinerary and it probably will not be announced until just prior to his departure. A score of cities in a dozen states have invited the nominee to pay them a visit.

Four Speeches Proposed.
Hoover probably will make four speeches on the trip home. At this time, his advisers favor Indianapolis, Chicago or St. Louis, Minneapolis or St. Paul and Denver as the best points for delivery. The nominee is expected to will close his campaign with another speech in San Francisco, either on the Saturday or the Sunday preceding the selection. This speech will be broadcast into every state of the Union.

Some of the Hoover managers have urged him to invoke the border states on his way home, with a stop either in Louisville, Ky., or St. Louis. If he should visit Louisville, he undoubtedly will stop in St. Louis. If the Louisville suggestion is vetoed, there is a possibility he will then visit St. Louis.

The Republican nominee likewise is considering an extension of his campaign in the east. He has received dozens of invitations but at the outset of the campaign, he announced he would make but four speeches in the east. He delivered one at Newark, the second is scheduled for Elizabethton, Tenn., on October 6, while he will visit New York City on October 17 and Boston the following week.

Baltimore May Get Assignment.
The Hoover strategists have decided that he must make a public appearance and probably a speech in the interim between Oct. 6 and 17. They have told him that a silence over 11 days in the heat of the campaign is poor politics and may hurt his chances for election. As a result, he probably will speak somewhere in the north during the week of Oct. 7 to 13. Baltimore may get this assignment, although Detroit and Cleveland have been suggested.

The nominee meanwhile worked upon his Elizabethton, Tenn., speech. He will leave here late the night of Friday, Oct. 5, stop at Bristol, Tenn., the next morning and arrive in Elizabethton in time for lunch. He will be the guest of honor at a historical pageant there at 2 p. m. and will deliver his speech at 2 p. m. after his speech he will motor to Johnson City, visit the old soldiers' home there and board his train for the return trip to Washington.

"Moral Issues Involved in the Presidential Campaign" will be discussed by the Rev. A. H. O'Brien, pastor, in his sermon in the First Baptist church at 7:30 o'clock Sunday night, he announced today.

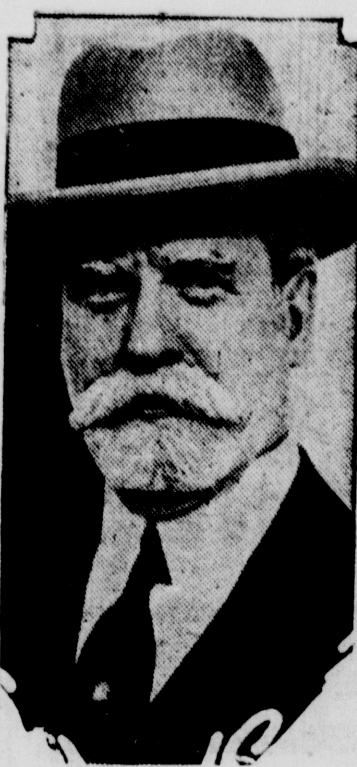

"I expect to discuss all phases of Gov. Al Smith's campaign," said the Rev. Mr. O'Brien. "I will also explain the so-called 'religious issue' and moral questions involved."

Albert Peterson, advance representative for Evangelist Billy Sunday, will occupy the pulpit of the Baptist church at mid-week services at 7:30 o'clock tomorrow night.

WIDOW OFFERS \$1,000 CHECK IF DISTRICT GIVES \$9,000

Mrs. Alice B. Hewitt Appeals for Patterson Institution.

EXPLAINS PLAN

Trustees Call Meeting for 7:30 O'clock Thursday Night.

Nucleus of a \$10,000 fund to be used in furnishing the Mary A. Patterson Memorial Christian home, East Fourth street, which will revert to the heirs of the late Monroe Patterson, pottery and foundry owner, unless occupied on or before January 1, was provided today, through the offer of a \$1,000 contribution by Mrs. Alice B. Hewitt, of Arroyo, W. Va.

Offers Furniture Too.
Mrs. Hewitt, widow of Edmund W. Hewitt, and mother of Walter Hewitt, a graduate of the East Liverpool high school, will contribute one-tenth of the fund if \$9,000 is raised through other sources, she told The Review.

Mrs. Hewitt, who reluctantly permitted the use of her name in connection with the proposed contribution, is the "West Virginia reader" who outlined her offer yesterday in answer to a letter written by "Working Girl." In her original proposal, Mrs. Hewitt said: "There is no need of furnishing all the home at once. Get some things into it and occupy it as soon as possible, so that it cannot be sold. Such a thing is an imperative need in East Liverpool."

In addition to her offer of \$1,000, Mrs. Hewitt agrees to contribute furniture for one room in the four-story building which was erected by the late Mr. Patterson at a cost of \$207,000.

Trustees Call Meeting.
Her action was prompted by the ruling of Judge W. F. Lones in the Columbiana county common pleas court, who held that the property shall revert to the heirs unless it is accepted and occupied by the Mary A. Patterson Memorial Christian Home association before the beginning of the new year.

As a result of developments in the situation, trustees of the association today issued a call for a general meeting of all persons interested, to be held in the municipal courtroom, Fourth and Market streets, at 7:30 o'clock Thursday night.

The call for the meeting follows: "A public meeting of the trustees of the Mary A. Patterson Memorial Christian Home association will be held in the municipal courtroom, Fourth and Market streets, at 7:30 p. m., Thursday, September 27, to take such action as may be determined upon regarding The Mary A. Patterson home."

"The common pleas court of this county has ordered that the rights of the association in and to the home property shall become forfeited unless the property is, in good faith, occupied and used for the purposes intended by the late Monroe Patterson, on or before January, 1929."

"The situation therefore is extremely critical, and the trustees desire the aid, advice and co-operation of every interested citizen. Unless sufficient money can be raised to equip the home it will revert to the estate on the date mentioned. Let all who are interested take notice and be present at the meeting Thursday night."

Baler Kills Boy.

MARION, O., Sept. 25.—E. A. Hart, 14, of Bucyrus, died here today of injuries sustained when he fell from a tractor hitched to a hay baler. The boy sustained a fractured skull when the baler ran over him.

\$130 IS RAISED FOR RED CROSS

Appeal for Storm Relief Fund is Renewed.

With only about 10 per cent of East Liverpool's \$1,225 quota raised, the Rev. A. H. O'Brien, pastor of the Baptist church and chairman of the Columbus City chapter of the Red Cross, today issued another appeal for contributions to the fund for the relief of suffering in the hurricane-swept zones of Porto Rico and Florida.

According to a report made yesterday by W. E. Dunlap, cashier of the First National bank and chapter treasurer, contributions so far total \$139.

"Contributions in any sum will be accepted," said the Rev. Mr. O'Brien. Checks or cash should be mailed to Treasurer Dunlap.

EAST LIVERPOOL, O., TUESDAY, SEPTEMBER 25, 1928.

Fur is the Outstanding Feature of Autumn Coats

You will recognize these new Fall Coats by their use of fur—furs contrasting—furs harmonizing—black furs on bright colors—light furs on dark coats. In fact, fur trimmings are used so lavishly on our new cloth coats that they are friendly rivals in warmth to all-fur coats.

We are certainly proud of our collection—for here are coats to satisfy every taste. Sports coats and dress coats. Finely tailored in the accepted wools, and in every rich Autumn color.

May we show them to you?

Fall Dress Fashions Well Worth Looking at

The parade of Fall Dress Fashions has begun. And if you want to join in the paginat of smartness, you will choose your Fall wardrobe from these. Here you will find the modes of originality and charm, of feminine smartness, of vast distinction.

Velvet, the beloved fabric of Paris, is to the fore for Fall. Both printed and plain. Satin, too, is frightfully chic. The frocks of light weight wools are perfect for sports wear and just the thing for every occasion.

The importance of black and brown is emphasized with the newest red and blue shades in favor. — Just which will you choose?

Fashion Trends for Fall

Underneath Style for the Smart Woman

It is smart to be smartly dressed underneath—and with quantity eliminated, quality becomes doubly important. No fullness in lingerie is possible with the new swathed hipline—for Fall it is designed to fit the figure smoothly—but you will be delighted to find that frilled and dainty trimmings have not been sacrificed—so cleverly are they created not to mar the silhouette.

Lingerie of beauty—truly feminine—in the newest fabrics—worthy of going underneath today's lovely fashions.

Thursday, Friday and Saturday Are Fall Display Days At Ogilvie's

Tomorrow evening at 7:00 o'clock the curtains will be drawn aside in our show windows, displaying the trends of Fashion for Fall. Thursday, Friday and Saturday will be observed as Fall Display Days in our store.

We have been scanning the horizon of Fall fashions, like the fashion-wise mariners we are -- ignoring the signals of the common-place and selecting fashions that will not only look good to you when you buy them, but as long as you wear them.

Fashions for Grown Ups—the new creations for children—the collection of new things for home furnishing, we have selected in addition to the charming things in way of apparel—all of them you will find of great interest—and of fashion importance.

Come in and see them by all means.

Essentials to the Costume Complete

Precious things come in small packages. So although accessories are mathematically only a very small part of the ensemble—by fashionable standards of measure they assume great proportions. No costume can possibly be smarter than the accessories which accompany it. So special attention must be given to the "little things" that go to make up the infallible costume complete.

The smart woman is judged by the jewelry she wears. We have costume jewelry to match or contrast with the Autumn costumes. Our new pearls in odd shapes are most attractive, while colored stone jewelry, especially colored crystals and colored enamel in antique setting have firmly established their fashion prestige.

When it comes to hand bags—the envelope and flat pouch are both popular this season. We have a splendid collection from which to choose at the price you wish to pay.

Scarfs will again flaunt their colors this season. You will find them here in the most popular shades and newest markings.

The strap wrist, slip on gloves of soft kid are the acceptable fashion in gloves.

New Autumn tones are here in hosiery—tones a little deeper than usual. Buy your stocking wardrobe now and enjoy its smartness.

Children, Too, Have Their Own Fashion Show

Never too young to be interested in fashions—and so the younger members of society have their own presentation of what they will wear this Fall.

The new wool suits for boys. Dainty, colorful Fall frocks for girls. Warm little sweaters. Undies. Stockings. Adorable little hats and bonnets. Coats just as smart as can be. How you'll enjoy wandering about, admiring, and buying such charming things!

GARBAGE WRAPPED IN PAPER

Legislators Call for Ordinance Upon Recommendation of Health Officer W. L. Curtis.

MIDLAND, Pa., Sept. 25.—Acting upon the recommendation of W. L. Curtis, street commissioner and health officer, Midland council last night ordered P. A. Fernsler, vice president, to draft an ordinance, providing that all garbage be wrapped and kept separate from ashes and rubbish. Action will be taken at the session on Oct. 10.

Curtis was authorized to paint and repair the fire escape on the borough building.

Council granted permission to Stefan Tuszek, Beaver avenue, to cut

away the curb in front of his home in order to build a driveway to his garage.

Vote on State Road Bond Issue Called

Proposal to Spend \$35,000,000 on Highway System Goes on Fall Ballot.

CHESTER, W. Va., Sept. 25.—West Virginia electors will pass upon a constitutional amendment this fall providing for a \$35,000,000 bond issue for completion of the state road system. Work is now being done on money provided by a \$50,000,000 issue adopted several years ago.

The \$35,000,000 bond issue was a revolving fund. As soon as part of the original bonds are retired, a new issue can be sold to bring the total outstanding up to fifty millions. In 1927 the legislature voted to take advantage of this provision to an extent not to exceed fifteen millions. At that time the sinking fund accumulated since 1921 and contained a little more than seven million dollars.

Federal Aid Given.

This was used to retire and re-issue, and the annual sinking fund payments have since been used in the same manner, so that total bonds that have

been retired and new ones issued is \$11,750,000. This makes a total of \$61,750,000 of state road proceeds since 1921. All of this money has been expended or placed under contract. Federal aid received by West Virginia since 1921 has been \$5,223,642.55, which is also expended or under contract.

Adding federal aid to state road bond proceeds gives a total of \$66,973,642.55, which the state has had available for use on the road system since 1921.

In 1921 no two of the larger cities of the state were connected by an improved road, and only two of the county seats. Now all of the larger cities are linked together by hard surfaced roads and all of the county seats have improved road outlets.

There are 3,819 miles in the state road system, of which 2,386 are hard-surfaced or under contract, 878 miles graded or under contract and 575 miles are unimproved. To complete this system of roads the \$35,000,000 bond issue is proposed, which can be taken care of without any property tax, as the motor vehicle license and gasoline tax will pay all costs.

GOV. AL SMITH ON WAY EAST FROM MONTANA

Democratic Nominee Hopes to Win Old La Follette Vote.

GETS WALSH O. K.

Attacks Republican Record in Speech in Helena.

By GEORGE R. HOLMES.

HELENA, Mont., Sept. 25.—Governor Smith turned eastward today in high hopes that the great goal of his western venture—the winning of the old La Follette independent vote of 1924 in the northwest—has been achieved.

The governor himself made no claims, but he appeared confident. His confidence was based primarily upon assurances of old La Follette lieutenants, including Senator Burton K. Wheeler, who ran with "Fighting Bob," that his speeches on farm relief, the power trust, and his slashing attacks on religious intolerance and the Republican record of the last seven years, have solidified the progressive vote of the northwest behind his candidacy.

Senator Walsh's Statement.
Senator Walsh gave further evidence of his whole-hearted support of his pre-convention rival in a statement broadcast throughout Montana simultaneously with Governor Smith's arrival in the state.

It was entitled "Ten Reasons Why I Am Supporting Governor Smith." There were several indirect allusions to Hoover in Senator Walsh's statement. One of the ten reasons, for example, said:

"Because there ought to be a general housecleaning in Washington—not to be expected from one who, closely associated with Fall, Daugherty, Forbes, Miller and Denby, was never moved to utter a word concerning their villainies either before or after they were exposed."

Another of the reasons was: "Because I prefer one who has been repeatedly honored by the electorate to one who has filled official position only by grace of the appointive power."

Assails Oil Scandal.
Last night in Helena, Governor Smith, in characteristic fashion, paid his respects to the Republican record of the last seven years. Before an audience of 5,000 applauding Montanans, he tore into that record.

The subject of his address was "Party Responsibility" and his text was an excerpt from one of Secretary Hoover's recent addresses to the effect that the Republicans have every reason to be satisfied with the seven years' record.

Step by step, Governor Smith went through the oil scandals, the veterans' bureau scandals, the alien property scandal, the application of the Sinclair bonds to the Republican campaign deficit, and at each step he asked sarcastically if that was what Secretary Hoover was satisfied with.

"Is the record, the real record of the last seven and a half years known

to the Republican candidate?" he asked. "Why, there is not a single man in this country knows it better than he does. He sat in the cabinet while all this was going on, and you can search the records from one end to the other. You can examine it in minutest detail and you will fail to find a single word of condemnation on his part."

"On the contrary, in his speech of acceptance, let us see what he said about the last seven years:

"The record of these seven and a half years constitute a period of rare courage and leadership and constructive action. Never has a political

party been able to look back upon a similar period with more satisfaction.

Enters North Dakota.

Governor Smith's program today called for a long journey through Montana eastward, with stops at Butte, Bozeman, Livingston, and Billings. Tonight he will pass out of Montana and enter North Dakota, with stops at Mandan, Bismarck, Jamestown, Valley City and Fargo tomorrow. The governor's next major speech will be at St. Paul, Thursday night.

The governors party spent the night in Helena, and were due to leave at 11 o'clock (Mountain time).

ASK HERRICK TO TAKE PART IN OHIO RALLY

Ambassador Invited to Attend Campaign Meet.

FRIDAY IS DAY

Legion and Colored K. of P. Bands Will Play.

COLUMBUS, O., Sept. 25.—An invitation has been sent to Myron T. Herrick, Cleveland, former governor of Ohio and now American ambassador to France, to participate in the big statewide rally here next Friday afternoon, marking the formal launching of the Ohio Republican campaign. This announcement was made today at Republican headquarters here.

Herrick now is on a visit to his Cleveland home.

G. O. P. leaders said they are planning to make the occasion an "old-fashioned political rally."

Individual delegations from various sections of the state will parade the downtown district here starting at 11 A. M., it was announced. The Schmidt band of 75 pieces of Cincinnati, the Franklin County American Legion band and the colored Knights of Pythias band of 55 pieces of Columbus are scheduled to play in the downtown district until 2:30 P. M., when the program of speeches is to start at Memorial hall.

Harry D. Silver, chairman of the Republican state campaign committee, today estimated that not less than 20,000 Republicans will come to Columbus for Friday's rally.

FOUR ARE KILLED IN AUTO WRECK

CINCINNATI, O., Sept. 25.—Two men and two women killed here at midnight in an automobile crash today had been identified as Wilbur Ritchie, 25; his brother, Austill, 23; Cleta June Bastin, 19, and Clara May McDonald, 18, all of 116 Oliver street, Cincinnati.

The four were killed when the heavy sedan in which they were said to have been riding at 60 miles an hour careened and overturned when the driver attempted to turn out of the way of a heavy truck.

The truck driver, Carl Delaney, 27, of Dayton, was unable to halt his vehicle until it had bumped into the wrecked automobile.

DRAFT ARGUMENTS ON JUDGES' PAY

COLUMBUS, O., Sept. 25.—Argument opposing the proposed amendment to the Ohio constitution permitting judges to receive salary increases while in office was being prepared today by members of the committee recently selected by Governor Vic Donahey to draft this argument for distribution among Ohio voters by the secretary of state.

This committee, consisting of the Governor, State Senator George H. Bender, Cleveland, and Attorney Geo. W. Reed, Uhrichsville, met at the governor's office late yesterday.

Argument in support of the proposed amendment will be prepared by a committee of attorneys who are members of the Ohio Bar association.

PREDICT OHIO FROST TONIGHT

COLUMBUS, O., Sept. 25.—Frost was predicted for Ohio tonight by the U. S. weather bureau here, for the first time this fall.

Though frosts have been reported in various localities over the state, no frost predictions have been made until today.

Frost warnings were broadcast from Washington Sunday night.

Fall from Tree Kills Ohioan.
NEWARK, O., Sept. 25.—John Smith, 70, of Johnstown, near here, was dead today, victim of his own generosity.

When friends came to visit Smith, he climbed high up into a pear tree to obtain fruit for them. Losing his footing he fell to the ground, suffering a fractured skull and other injuries which resulted in his death.

LOVE RETURNS

Mrs. James L. Stack.

Mrs. James L. Stack has taken out a license to marry her former husband, James Langford Stack, of Wheaton, Ill., millionaire polo enthusiast, reported to be on his death bed in Los Angeles. The Stacks, married 13 years ago, were divorced seven years ago, the suit instituted by the wife, who charged that Stack had entertained a party by dancing in his pajamas.

made island in Lake Michigan, downtown in the heart of Chicago.

You may rely on it, Chicago will vote YES and build the airport.

WITH this magnificent air field of 1,000 acres, Chicago will be the only great city with an air field within easy reach of the heart of business and of the big port offices. London, Berlin and Paris are handicapped by the fact that their air ports, the three greatest in the world, are all a long hour's trip from the center of the city.

THAT landing field will make of Chicago the great airway center, as now, it is one of the world's greatest railway centers.

Chicago will vote "yes," while big New York sleeps soundly, talks loudly, and watches army officers playing polo on Governor's island, on the city's edge, where planes should be landing every minute.

CUSTOM house officials say "fake antiques" cost this country millions a year, more than half the so-called antiques bring.

That is a low estimate of the bogus average.

HOWEVER, even frauds may cultivate public taste gradually. And Americans are not the first to be taken in. Michael Angelo made beautiful imitation Greek statues, buried them for a while, and sent them to a cardinal in Rome.

Word came not to let any one know where he had found the statues. The cardinal would dig for others.

It was a good natured cardinal, with sound artistic taste. He took good naturedly the imposition, meant to show Michael Angelo's ability. And he encouraged the lad, destined to be a sculptor greater than any Greek. Fortunate cardinals to get "fakes" made by Michael Angelo and recognize their worth. What would those "fakes" be worth now?

ONE HUNDRED AND FIFTY savings banks in New York state pay every day \$500,000 interest to depositors.

Savings bank interest in New England, New Jersey and New York amounts to \$1,000,000 a day. It makes a great difference whether interest is running with or against you.

ALMOST any man or woman, of average earnings, could be independent at 50. But the majority will continue to reach old age with nothing saved. Some cannot save, some cannot keep what is saved.

NORMAN HAPGOOD, supporting Gov. Smith, says Woodrow Wilson agreed with Gov. Smith's prohibition views.

Wilson, according to Hapgood, thought national government should only regulate liquor trade between states, letting each state arrange its own drink problem.

HAPGOOD says, also, that great sums are being spent "in a Protestant drive to control the government." He says "there is bigger money behind the drive than the Ku Klux Klan, alone, could supply."

There is no doubt whatever that much campaign money will be furnished from religious sources.

LOEB, LEOPOLD FIND WAY TO SEEK PAROLE

Hint "Error" in Mitimus Will Open Prison Doors.

ELIGIBLE IN 1934

Pardon Board Chief Says Slayers are Pampered.

CHICAGO, Sept. 25.—Richard Loeb and Nathan Leopold, sentenced to Joliet penitentiary September 10, 1924 for the murder and kidnapping of little Bobby Franks, for terms of life for the murder and 99 years for the kidnapping of their victim, may be eligible for parole in six more years.

That statement by Hinton G. Clabough, director of the state board of pardon and paroles, was explained today by Clabough, who declared an "error" in the mitimus sending the "perfect crime" slayers to the penitentiary made their release possible.

Clabough charged flatly that with the parole possibility in view, the slayers are pampered in the penitentiary and have been given the most sought for positions inside the prison walls, to build up for them a record of good behavior that may be introduced during future parole application hearings.

CHARGE "DOPED" GASOLINE SOLD

COLUMBUS, O., Sept. 25.—Two state departments today were preparing to probe charges that "doped" gasoline is being sold in Cleveland, following the appeal by the Cleveland Automobile club that such investigation be made.

Of 49 brands of gasoline analyzed by the club, 17 were alleged to have been below standards required by the U. S. bureau of mines, some containing a large percentage of kerosene and others, purporting to be ethyl gas, being merely ordinary gasoline colored with dyes.

Inspectors from the state tax commission will go to Cleveland to obtain data on alleged adulteration of the gasoline to determine whether sellers evaded the gasoline tax, it was said today.

Inspectors of the division of weights and measures have also been ordered by Charles V. Truax, director of agriculture, to investigate the charges.

HINT SETTLEMENT IN RAIL DISPUTE

WASHINGTON, Sept. 25.—Judging from reports reaching the White House, President Coolidge believes the board of mediation stands a fair chance of settling the wage dispute of the trainmen and conductors on 65 western railroads, it was stated today. The board, he understands, is in immediate touch with the situation.

SENATOR ATTACKS MRS. WILLEBRANDT

NEW YORK, Sept. 25.—Mrs. Mabel Walker Willebrandt "should be asked to resign her position as assistant attorney general by both President Coolidge and his attorney general, Mr. Sargent," United States Senator Edward I. Edwards of New Jersey, a Democrat, declared in a scorching statement made public today.

PRISONER ADMITS RASKOB CHARGES

PHILADELPHIA, Sept. 25.—Francis C. Mooney, 67, pleaded guilty before Judge Howard MacNellie in Quarter sessions court today to six indictments charging him with attempted extortion and sending threatening letters to Mrs. John J. Raskob, wife of the chairman of the Democratic national committee. Sentence was deferred until William Goldberger, alleged accomplice in the blackmail scheme, can be brought to trial.

COMMUTES TERM OF EMBEZZLER

COLUMBUS, O., Sept. 25.—Members of the state clemency board today were informed that Governor Vic Donahey commuted the sentence of Leonard S. Clements, Cleveland, to 2 1/2 years so that he may be eligible for parole any time after October 25, next. If the board so decrees, Clements was received at Ohio penitentiary April 26, 1926, to serve from 5 to 10 years. He was convicted of embezzling \$44,933 from the Securities Guarantee company while secretary of the company at Cleveland.

The governor's clemency was in response to a plea from the wife of Clements who said she believed her husband was innocent, it was stated.

BLAST COSTS TWO EYES AND HAND

WILMINGTON, O., Sept. 25.—Delbert Taylor, 12, today had lost his sight of his left eye with the possibility that his right eye will be similarly affected, and Harold Crosley, 14, had lost his left hand, as an aftermath of an explosion which occurred when the boys used dynamite caps as toys.

The explosion occurred when Taylor struck a cap with a piece of metal. Besides losing his left hand, Crosley suffered severe powder burns.

DEATH ROLL

Jackson Infant Funeral.
Funeral services for Charles William, 5-months-old son of Mr. and Mrs. Okey Jackson, 625 Jefferson street, will be held at 1:30 tomorrow afternoon in the Miller funeral home, West Sixth street, in charge of the Rev. W. O. Hawkins, D.D., pastor of the First Methodist Episcopal church. Burial will be made in the East Palestine cemetery.

REPORTS FROM STOCK MARKETS

NEW YORK, Sept. 25.—The copper, oil, utility and a few of the low-priced motor stocks led an aggressive advance in prices at the beginning of trading today. Coppers continued to reflect the actual and prospective increases in prices of the red metal, oil stocks, the general improvement in the petroleum industry, and utility stocks the broad expansion in the power and light industry in recent years. Willys Overland was the favorite in the low-priced motors, with a two-point advance to the year's highest price of 30 1/2.

Bullish enthusiasm was based upon the authentic reports of an enormous increase in the demand for stocks in the mid-western financial centers, including Chicago, Detroit, St. Louis and Kansas City. Brokers' wires are groaning with the load of buying orders pouring into the financial district, mostly for the shares of the industrial companies located in their own territory. This is an evidence of great confidence in the enterprises doing business under the close observation of conservative investors.

Most of the "good actors" in the oil and copper list moved forward, buying demand being particularly keen for Sinclair Oil, the Standard Oils, Atlantic Refining, Kennecott and Anaconda Copper, National Power and Light, Consolidated Gas of New York, Public Service of New Jersey, Chrysler Motor, Packard, Willys Overland, Briggs Manufacturing, Sears Roebuck, Montgomery Ward, etc.

Two Union Officials Named in Belmont Disorders.

ST. CLAIRSVILLE, O., Sept. 25.—Indictment of two United Mine Workers officials for offenses connected with the mine strike in eastern Ohio marked the report of the Belmont county grand jury this morning. Sub-District Vice President Adolph Pacifico of Bellaire and Executive Board Member Myers Davis of Shadyside are the officials indicted, the former being accused of assault to kill in connection with his alleged efforts to have other unionists beat up a miner at McClainsville and Davis being charged with assault and battery on another non-union mine employee. Twenty-five union supporters were indicted for attempting to provoke a breach of the peace by calling non-union workers uncomplimentary terms and six pickets accused of fights at Bellaire and Florence also were indicted.

Two murder bills were returned. One was based on an arrest made last week, seven years after the murder.

George Everhart of Barton was indicted on a charge of leading a band of masked men who put a rope around a man's neck as he was motoring with three women at that place and with firearms forced the quartet to accompany the band a short distance where they were lectured in regard to misconduct.

Cases growing out of the Martins Ferry Sunday movie show controversy were ignored.

COLUMBUS, O., Sept. 25.—Senator Joseph T. Robinson, Arkansas, Democratic vice presidential nominee, will fill two speaking engagements in Ohio on Nov. 1 and 2, it was announced here today at Democratic headquarters following receipt of a telegram from Robinson by the speakers' bureau here. Previously, it has been stated that Robinson would appear Nov. 2 and 3. No definite assignments as to places where the addresses will be made was forthcoming. At the same time, Republican headquarters here issued a statement that U. S. Senator Charles Curtis, Kansas, Robinson's rival for the vice presidency, would make a number of addresses in the Buckeye state the latter part of next month.

Robinson will deliver one address each day at places to be selected. Dates and places for the speeches by Curtis are yet to be determined upon.

The Democratic state headquarters gave out the following itinerary of speakers assigned to Ohio by the Democratic committee to support the candidacy of Governor Al Smith for president:

Former Governor Nellie Taylor Ross, Wyoming, at Mansfield, Oct. 11, and Cambridge, Oct. 12; Miss Anna Matthews, New York, Oct. 29 to Nov. 3; Mrs. Anna M. Kross, Connecticut, Oct. 26 to Oct. 30; Mrs. Gertrude Breslar Fuller, Pittsburgh, Oct. 22 to Oct. 27, and Miss Frances Perkins, Newcastle, Me., Oct. 15 to Oct. 20. With the exception of Mrs. Ross, places for addresses by these speakers have not been selected.

Col. Thad Brown, in charge of the national division at G. O. P. headquarters, said he had been assured that U. S. Senator William E. Borah, Idaho, will speak in Ohio in support of Hoover.

Copies of the national Republican campaign book have reached Republican state headquarters here and will be distributed among organization leaders in each county.

The dead are: Mrs. C. H. Lockwood, 27, of Kingsville; her son, Victor, 5, and Friend Hatch, 55, of Waterford, Pa. Mrs. Lockwood's 3-year-old daughter, Vivian, who was also in the car, was taken to a hospital with injuries from which she is not expected to recover.

The driver of the machine was apparently unaware of the approach of the train or warning signals, according to observers. Hatch was visiting the Lockwood family at the home in Kingsville.

Too Much ACID

Many people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms disappear in five minutes.

You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief. Please do that—for your own sake—now.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by phys-

cians for 50 years in correcting excess acids. 25c and 50c a bottle—any drug store.

vogue for the first time in the history of the world with the late war.

The aeroplane has proved itself to be probably the most deadly war weapon the world has today. In "Wings" Director Wellman has graphically and dramatically shown what fighting in the air really means. It provides an added fascination and a new sensation for warriors of the twentieth century. The stark terror that a bombing aeroplane thousands of feet in the air can put into the breasts of soldiers looking like ants crawling on the earth is most stirring. Here we have a battle scene shown principally at St. Mihiel, revealing the full length of the Allied front with our war aces bombing the trenches and lines of the enemy by dropping bombs and swooping down like mighty birds of prey, scattering regiments and companies with deadly terror and effect.

One sees the war aces and their bird machines rise from the ground to become mere specks in the fleecy clouds in the azure firmament. They soar through the air like buzzards and vultures. They shoot each other down with laughing, maddening glee. They bomb the soldiers far below them, moving hither and yon in the trenches.

In the midst of all this horror of war there is the romance of adventure, daring and love. Two youthful heroes are in love with the same girl, who has been left "way back" home. Another girl desperately in love with one of the heroes goes overseas with the Red Cross army of women. These youthful people carry on in an interesting and entertaining manner. They are played by Clara Bow, Charles Rogers, Richard Arlen and Jobyna Ralston. Other players in the cast include El Brendel, Richard Tucker, Gary Cooper, "Gunboat" Smith, Henry B. Walthall, Julia Swayne Gordon, Arlette Marchal, George Irving, Hedda Hopper and Nigel de Brulier.

HAINES SCORES AT AMERICAN

Found, a new William Haines, and the audiences which viewed "Excess Baggage" last night at the American theatre attested that it was a discovery indeed.

For the last two years William Haines, Metro-Goldwyn-Mayer's star, has brought to the screen a personality of a wise-cracking youngster whose eternal youth and high spirits constantly get him into difficulties. At the end of his pictures this sport-loving youth has agreed to reform—for at least ten minutes.

But in "Excess Baggage," this fun-loving youth has vanished and we have a new Haines; a finished actor who has succeeded in developing the most human personality on the American screen today. The laughter

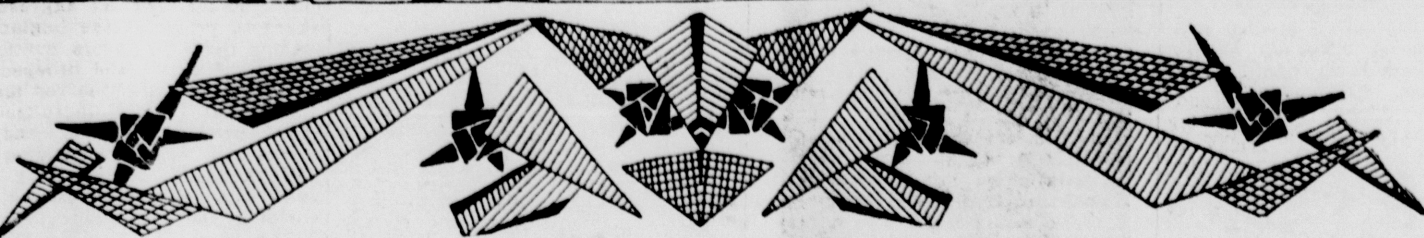

and fun-loving is there, yes, and it is masked at times by a screen of tears. There is something about this young man which makes the audience feel that his problems are their problems and when—as he does in "Excess Baggage"—he surrenders his wife to the motion picture industry to achieve her ambition and goes on alone to almost certain death in his dangerous vaudeville act, he had half the women in house in tears.

Director James Cruze, remembered for his marvelous dramas of "Old Ironsides" and "The Covered Wagon," here shows himself to be at least as great a master of human emotions. He has helped his star to play and not overplay his role. There is nothing about the character of Eddie Kane to indicate he is a weakling. Haines portrays him as a normal man, man against an awfully stiff problem which is faced day in and day out to an even greater extent by the average man of today.

MELLERT AND WEIDNER ESTABLISH STATE RECORD ON COUNTY ROAD JOB

"Profilometer" Detects But Four Slight Depressions on Section Between Williamsport Hill and North of Rogers.

LISBON, O., Sept. 25.—A new state record for the construction of smooth concrete highways was established by Mellert & Weidner of Medina in the pouring of seven miles of the East Liverpool-Youngstown road, it was developed today.

The state highway department has completed its "profilometer" report on this road from the top of the Williamsport hill to a point north of Rogers, which is the section recently finished by Mellert & Weidner. This graph shows but four bumps of more than one-quarter inch in any ten feet. These depressions of five-sixteenth inch each are on the Williamsport hill, south of the West Fork bridge spanning Beaver creek.

Mellert and Weidner have completed the pouring of concrete on the East Liverpool-Youngstown road between Middletown and the Cox highway. This section of road will be opened to traffic on or about October 14.

Rush Dresden Avenue Work.
The Allison-Harris company of East Liverpool has poured more than 50 per cent of the Dresden avenue section in Liverpool township. Should weather permit, the last concrete will be poured on this stretch not later than Saturday, County Surveyor Lloyd C. Kirk said today. The opening of the Middletown-Cox highway section and the Dresden avenue section will then give through traffic north and south between East Liverpool and Youngstown over this new route.

Lewis & Copeland of Lima have passed the three-mile point in the pouring of concrete on the East Palestine-East Liverpool road. Only one and three-quarter miles remain to be poured. The contractors, now working on the Anchor hill section, are pouring concrete at the rate of one mile in eight or nine days.

Salineville Bridge Near Completion.
By the end of the week, it is believed that the Allison-Harris company will have all the bridges and culverts completed on the Rogers-Negley road. These are being constructed by H. C. Armstrong of Lisbon, sub-contractor. By Oct. 15 it is said the contractors will have all of the rough grading completed on this project. There will be no paving done on this new road until the spring of 1929.

At Salineville, Raymond Moore has completed the concrete bridge on Main street with the exception of laying the brick surface and the concrete railing. The bridge is expected to be opened to traffic within the next three weeks.

ALIMONY ORDERS IN TWO CASES

Gustave M. Weigand, defendant in a divorce action filed in common pleas court by his wife, Grace Weigand, has been ordered by Judge W. F. Jones to pay \$50 as temporary alimony within 30 days, and in addition to pay \$15 weekly for the support of minor children.

An injunction has also been issued, restraining Weigand from interfering with the plaintiff in the possession of her home.

In the divorce case of Anna Hatzagan against Nick Hatzagan, of Salem, the court has ordered the defendant to pay \$50 temporary alimony within 30 days, and, in addition, \$8 a week for the support of a minor child. The temporary restraining order granted in this case against the Mullins company, Salem, has been dissolved.

Real Estate Transfers.

The following real estate transfers have been filed for record:

VITREOUS PLANT TRUSTEE ASKED

A petition asking for the appointment of a trustee to take charge of the effects of the China & Vitreous Products company of East Liverpool has been filed in common pleas court by Ben L. Bennett, counsel for S. C. Williams Company and Henry C. Munger.

The petition sets forth that on or about June 25, 1928, the Adamant Porcelain company transferred in bulk the whole of its stock of merchandise and fixtures to the defendant in

this action, and that no notice was given creditors of the sale or transfer.

Salem Man Paroled.

Although he was committed to the county jail in default of a fine of \$500 and \$8.50 costs by Mayor Phil Hiddleston of Salem, the trial court has recommended to the county commissioners the parole of Lone Hann. The recommendation has been sustained, and the parole approved.

Giants Looking To Pitching For Big Break In Stretch Run

Twin Tilts May Make Or Break

Two New York Clubs Face Crucial Games Thursday.

By Les Conklin.
NEW YORK, Sept. 25.—Thursday will either make or break New York's two pennant contenders. On that day the Yankees play two games with Detroit, a strong outfit at present; and the Giants face a double-header with Chicago, the only club that has gotten better than an even break against them this season.

The Yankee-Athletic Alphonse and Gaston act continues, with both teams trying to hand each other the pennant. New York's 4 to 3 defeat yesterday by Cleveland, a team that had lost 15 of its last 16 games, was the Yankees' fourth setback in nine starts in the west.

Hubb's game leg prevented him from catching Luke Sewell's fly and the winning run came in. Southpaw Walter Miller, who had also beaten the A's, held the Yanks to five hits while the Indians nipped Piggas and Helmach for eleven.

Crowder Beats Macks.
Crowder yielded only four hits and chalked up his 20th victory. Jack Quinn was no puzzle to the Browns. Goose Goslin's three hits beat the White Sox, 8 to 4, and enabled the Washington slugger to regain the league batting leadership from Manush of St. Louis.

Two homers by O'Doul, one by Ott and finally Jackson's four-bagger with two on base accounted for all of New York's runs as the inspired Giants nosed out Cincinnati, 7 to 4. Benton was hit hard but romped home with his 25th victory, tying Burleigh Grimes of Pittsburgh.

Elliot Easy for Cards.
Jumbo Jim Elliott was easy for St. Louis and the Cardinals maintained their one-game lead by trouncing Brooklyn again, 9 to 2. Old Yete Alexander toyed with the Dodgers and Bottomley hit his 31st homer, taking the league leadership away from Hack Wilson of the Cubs.

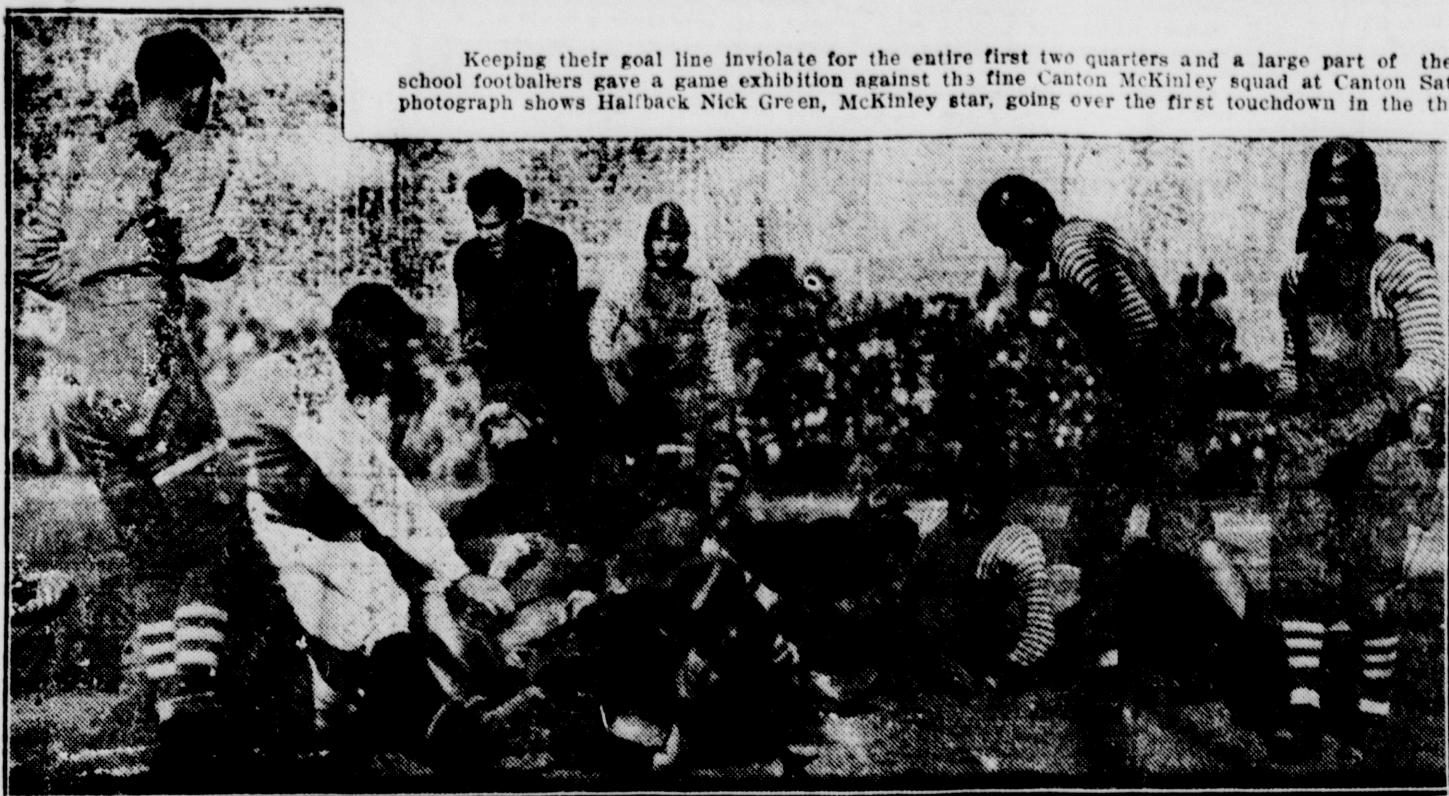

The Cubs hung on to that mathematical chance by outslugging the Phillies, 7 to 6.
Boston will be no set-up for St. Louis later in the week. The Braves, who split a double bill with Pittsburgh yesterday, have won five out of ten from the western clubs in their home stand.

WORLD'S SERIES SEATS ON SALE

ST. LOUIS, Mo., Sept. 25.—The St. Louis Cardinals today began accepting orders for world's series tickets, contingent on the Cardinals winning the National league pennant.
Applications must be made by mail and must be accompanied by money order, cashiers check or certified check. One seat for the three games here will cost \$16.75 and two seats \$33.25, including war tax and 25 cents mail registration fee.
Orders for more or less than one or two seats for all three games will be refused. If only two games are necessary, a portion of the money will be refunded.
Locations for the 23,000 grandstand seat reservations will be chosen by lot. No mail will be opened until tomorrow morning.
The 4,000 box seats will be allotted to regular season ticket holders. There will remain 8,500 seats to be sold on the days of the games, including 3,500 pavilion seats at \$2 each and 5,000 bleacher seats at \$1. Standing room will be sold up to 3,500, bringing the daily capacity of the ball park to 39,000.

High Gridders Given Real Test in Canton Game

Keeping their goal line inviolate for the entire first two quarters and a large part of the third, high school footballers gave a game exhibition against the fine Canton McKinley squad at Canton Saturday. The photograph shows Halfback Nick Green, McKinley star, going over the first touchdown in the third period.

Unscrambling sore joints and twisted muscles after their ordeal with Canton McKinley, high school gridders will resume workouts tonight at Patterson Field in preparation for their game with Cleveland Holy Name Saturday afternoon.

After their losing battle with what is undoubtedly one of the best scholastic outfits in eastern Ohio, Hurst's regulars were given a day off yesterday, their activities being confined for the most part to development of skill capacity.

While the Blue and White naturally was the underdog against McKinley Saturday, few being optimistic enough to entertain thoughts of an East Liverpool victory against a team of the caliber of the Cantonians and especially in view of the fact that it was the Blue's opener, mistakes of the youngsters on the field undoubtedly gave the winners opportunities to lengthen their score.

But they probably will learn considerably from this game because mistakes against an eleven of the Canton type generally cost something and mistakes thus made are apt to be embossed unforgettably on their football gray matter. The biggest mistake is in doing the same thing wrong the second time.

However, these things Hurst will attempt to clarify or eradicate during the practice sessions this week, devoting especially attention to maneuvers—in other words, the art of making the right play at the right time.

The locals likely will need to do plenty of this against the Holy Name eleven which, it will be remembered, gave the Blue and White a battle last fall. The locals nosed out a victory. It may be harder this Saturday with the Clevelanders reported considerably stronger.

Holy Name gridders also have a game under their belts and undoubtedly will show improvement, as far as tactics are concerned, for the game with East Liverpool. They played West High of Cleveland to a scoreless tie.

Strengthening of defense will be one of the jobs that Hurst will tackle this week. The McKinley backs thrust through the Blue and White line for three of their four touchdowns Saturday. Inexperience of several of the forwards may have been responsible for their inability to cope consistently with the Red attack. If this is the case it is quite possible the local mentor will be able to eradicate that fault.

A few members of the local squad are still hobbling around, nursing injured ankles, where most of the injuries, so far as the Blue and White is concerned, were concentrated, apparently.

Evans' 11 Will Open Saturday

Wellsville Gridders Drilling for Etna Clash.

STRIVING to develop speed to offset what appears on the face of things at present a deficiency in weight, Coach Dave Evans at Wellsville is working his Orange and Black gridders to the limit in preparation for Wellsville's opening game Saturday with Etna high, of Etna, Pa., at Nicholson field.

The squad lost 11 letter men as a result of graduation, leaving Captain Snowden, Guard Hartford, Guard Thompson and Halfback Williams as a nucleus for the present team.

Approximately 50 youngsters reported for the opening workouts and while the squad has been cut considerably in the meantime, many of the newcomers are showing enough promise to be retained and will be given trials under actual fire in the opening contests.

Evans turned out a strong squad at Mansfield last season, winning seven games, losing one and tying one to capture the Miami valley championship.

The second game on the Wellsville schedule brings Carrollton to Wellsville. They then tackle Chester, which, however, will not likely be as strong as the outfit that threw a surprise into grid circles early last fall by taking the Orange into camp. This game will be played at Chester.

Salem returns to Nicholson field this year and then two games are billed on foreign lots, Struthers and Lisbon. Both Salem and Struthers, coming together as they do, will provide the Wellsville squad a strong test. Leetonia and Toronto are slated at Wellsville, then, in order, and the climax is reached in the Thanksgiving game with East Liverpool at Patterson Field.

Figure They've Enough To Beat Cincy Samples

Vance Elects to Work Against Cards Today; McKechnie May Use Sherdel; Yanks Lose and Accommodating A's do Likewise.

By Davis J. Walsh.
NEW YORK, Sept. 25.—It is barely possible that the big break in the National league stretch run between the Cardinals and Giants will come before nightfall today. The Giants, one game off the pace with only six to play, figure to have nothing to beat in the buyer's samples of Cincinnati pitching still to be exposed to public gaze. The Cardinals, having used Haines and Alexander to win two games from the Dodgers, are down to a choice between a kid and a couple of veteran left handers who wouldn't feel particularly irritated if McKenzie discovered at this juncture that he simply didn't know them from a couple of other fellows.

The Dodgers, meantime, have declared for Vance as today's pitcher, meaning that Vance has decided to declare for Vance. Dazzy has a manager over there but the understanding is that he doesn't use him very much. He couldn't very well look this one over from the bench, however after pitching the Cubs out of the money last Friday. So the word is that the young man will so far forget himself as to go out there and pitch the ball game and the Cards say they are glad of it. He can't get them out most of the time.

However, this had can pitch a quantity of baseball when the fancy moves him and this may be one of his days.

Macks Shy One Game.
As for the Philadelphia Athletics, if they blow the American league title—and no one can claim that they aren't giving the matter a good game try—they may be able to find the answer in their accommodating spirit or in the fact that they played only 153 games in a 154-game season or in both. The Yanks lost yesterday; so did the Athletics. It has been thus for a month or so.

The other half of the proposed sub-

Romance in New York

By GILBERT ROGERS

The next day Mrs. Brooke was chattering away about the dance, discussing her adventures... "Robert Bradon flirted with me... old fool... can't stand him... you did go home early..."

But Sally hardly heard. She was listening for something else, for the tinkle of the 'phone, Jerry's voice... The 'phone rang again and again... bridge dates... gossip... messages for Carlotta. Not a word from Jerry.

Sally grew silent and scared. She felt too miserable to cry. Wouldn't he call up at all. Wouldn't he even try to see her?

Night came. She couldn't stand just doing nothing, nothing. She went for a walk, strolled past Mrs. Farrington's house, with its lights, its looks of activity. Then past it again. Perhaps Jerry had phoned while she was out. She hurried home again. No, no one had called. "Quite sure?" "Yes, perfectly sure."

She told Carlotta she had a headache, went up and lay down. Did he expect her to call him up? Perhaps she should. Perhaps she should have done that in the first place! But no, she wouldn't call him up. She'd write him a little letter—a formal little letter that would save her pride.

"My dear Jerry..." Four, five, six sheets, all different, all scrawled and smudged, all ending in the scrap-basket. He didn't love her, what was the use, he didn't love her! She flung herself down on the bed, sobbing, with hard sobs that hurt and shook her.

She'd forget him. No use making yourself miserable all your life on account of a man who didn't care for you the least bit... Oh, why had she ever been born? She felt she was someone different in the morning, someone with her face, her voice, her gestures, but feel- ingly different. "I shan't ever love again..." I never could love again... I guess nothing matters."

She felt despondent but she did not struggle any longer. She had fought it all out. She would forget Jerry, she would try to forget him.

Mrs. Brooke had an errand or two in the town. "Let me. I'd like the walk," Sally said.

She started out with no hat on her dark hair, and a pale green sweater around her shoulders. She sauntered into the square, down towards the main street. The station was in view, a little crowd of figures thronged the platform. Then something ran through her like an electric shock. Jerry—it was Jerry standing there! He was leaving! He was going away! She would never see him any more!

But she knew that, she knew that already. Why was she trembling so? Then the whistle of the approach- ing train sounded, and all at once without thinking, she went flying down the street, careless of what she looked like, running as if her life depended upon it.

He was climbing the steps. She stumbled up after him.

"Jerry! Jerry!"

He turned to look into her white, anguished face. The train gave a lurch and started on its way with Sally on board.

CHAPTER 21.

She stood there facing him, swaying on the platform, holding on, as if she were hanging on for life itself.

And Jerry's eyes did not leave her face. They were grim, cold, a cusing.

The train was gathering speed, rocking on its way. Why had she jumped on, why? With a man who hated her. He must hate her. His eyes said that he de- spised her.

She fought for self-control, struggled to hide her mis- ery. But his eyes... his eyes looking at her like that... Desper- ately, with the hard, hurt sobs of a child that has been punished, she began to cry.

"Don't! For God's sake! Look—they're watching us. Do you want everyone to see?"

Naughty, the way a man would be, because people might see, because his precious dignity might be slight- ed.

"I—I can't help it. Oh—I wish I were dead! Every- thing unfair—you don't even give me—give me a chance!"

"Sally, please! Please stop! Come back into this other car. We can't stand here like this."

She followed him miserably, her eyes downcast, so that people wouldn't notice. But they were looking at her. And he was embarrassed, uncomfortable. She loathed herself for being so weak. She gulped back the last sob, sat next to him in the rear seat of the car, folded her hands, looked straight ahead, not saying anything not thinking even.

Dignified—you couldn't be dignified, sitting on a train without a hat or a bag, next to a man who scorned you, and not knowing where you were going.

She felt angry at him, angry because he made her make a fool of herself. And now there was nothing to do but stay where she was. But he was looking at her. She pretended not to notice.

"Why did you jump on this train?" Men—they asked questions you couldn't answer, questions that had to be ignored, or met with lies.

"I had to go to Fall River. It just happened—I saw you."

"Oh, then, you didn't jump on because..."

She was dry-eyed now. Her voice was steady, cool. "Because why?" she asked.

"Because I was getting on," he finished bluntly.

She paused, with a little flickering, amused smile. "You really thought that? You really thought I—? Oh!" She laughed.

"What were you crying for, then?" He was scowling. She ached to touch his forehead with her fingers, smooth away that frown, tell him she loved him and no one else and never would love anyone else, tell him that only by making him happy could she make herself happy, too.

"Oh, I don't know. I'm a crybaby. I weep over any- thing. Why one day I cried five times for five different reasons."

He nodded. He looked a little cruel now. "I can't imagine your crying over anything except a disappoint- ment—in one of your—your love affairs."

The words came out with a snap. She winced, and her hands gripped each other. How could he, how could he say a thing like that? It was brutal. She'd never forget, never. And she'd never forgive him...

"Tickets, please, tickets." The conductor came slowly on his way.

Sally felt feverishly... her purse. She hadn't brought one.

"I—my money—I forgot my money."

Jerry gave her a swift look. She saw him paying.

"I'll send you the money—right away. It's awfully kind of you." She was speaking, but it didn't seem her own voice, not her very own... the little cool, formal, meaningless phrases.

He shook them off. "You didn't get on this train be- cause you saw me? You weren't going to Fall River or anywhere else?"

The tears—they came welling up into her eyes again. She struggled hard. She mustn't make a fool of her- self, not a second time. But her little tragic voice faltered and gave away:

"Jerry, how could you—how could you say—about— about my having love affairs? When you know—"

"Know? What do I know? I saw you in Adrian Martin's, didn't I? Hiding. Late at night. With Adrian Martin. You didn't go there to discuss Greek poetry, did you?"

"You're horrible—horrible. I—I never could hate any- one the way I hate you now."

Silence. Just the train rocking and rattling on, a child whimpering three seats ahead, a laborer asleep across the aisle, two girls giggling, whispering.

And Sally, white-faced no longer, her fingers locked togeth- er tightly so that the blood had left them.

Then all at once his mask went from him. He look- ed wretched and unhappy.

"Forgive me. I—I ought to be kicked. I say things to hurt you because you hurt me. Only—when you told me the other day you hadn't any money, and then I saw you—at Adrian Martin's—! Why, I've been tortured, wanting to see you, not daring to. Afraid to. I know what a fool I was now. I know everything must have been all right. But—you're made me suffer too much. I lose my head—I say things..."

WOMAN TRAINS HER GUNS ON TAMMANY HALL

Mrs. Mabel Willebrandt Assails Smith in Warren Speech.

OFF TO CHICAGO

Westminster Club Presbyterian Organization, Hears Address.

WARREN, O., Sept. 25.—Mrs. Mabel Walker Willebrandt today had apparently shifted her barracks from Gov. A. Smith's views on prohibition to train her oratorical fire on his Tammany connections.
In a speech before the Westminster Men's club, a Presbyterian laymen's organization here last night, she asserted that Gov. Smith has "used the forces of Tammany and the underworld as stepping stones, with the inevitable political obligations thereby imposed."
She ridiculed the idea that the Democratic nominee has reformed Tam-

many and made it something more than "the seat of graft and corruption that it formerly was."
Refers to Prohibition.
"Of course, Tammany's governor might be equal to the task of reforming Tammany," she said. "But I want to say far above a whisper that I doubt it."
The woman assistant attorney general of the United States again had a packed auditorium as her audience. She said she would go to Chicago today to speak at a Republican conference. Though devoting most of her talk

last night to attacking Smith as a member of Tammany Hall, she also again brought up the prohibition issue.
"Food won the war," she said. "But it meant getting loyalty and cooperation from every kitchen. A great administrator in whom all had confidence did that."
"This same administrator can in a still confidence in the constitution and give new meaning to law observance."
"Do you remember meatless days? So, too, we have cocktail-less parties."
